

Fall Greetings!

Greetings fellow Ceco members. We are most fortunate to have a place like Ceco. As a friendly reminder we should all clean up after ourselves. We have seen litter and garbage strewn about the club. We have found beer cans floating and at the shoreline of Shawnee Lake and the Big Lake. Please throw your garbage in the dumpster, or take it with you and dispose of it at home. Also let's not forget to keep the beach and picnic areas clean. It's where our children and grandchildren play! Our club is a great escape for all of us. Let's all do our part to keep it nice. Thank you

Hunting Corner

New for 2023: Any 2 deer can be harvested as per IDNR permits in possession for all seasons. No rifles except muzzleloaders can be used on CECO property for deer. All Ceco deer hunters must receive and wear their Ceco hunting buttons while hunting on Ceco property. Buttons will be available at the fall R&G mtg. Bring a copy of your IDNR deer tag to the meeting or mail a SASE to Paul Horvatin, 813 Lincoln St., Downers Grove, IL 60515. Please write your email address and Ceco number on your permit. All tree stands and game cameras must have your Ceco # attached and be visible at ground level. Ground blinds shall have 400 sq inches of blaze orange visible on all sides when occupying the blind. Stands and blinds must maintain a 100 yard distance from other stands. As has been the practice, stand owners have the right to their stand. All successful deer hunters must report their harvest to the IDNR and then to the R&G club. Hunters are limited to two deer—one buck and one doe or two bucks—by all methods. Hunters are strongly encouraged to participate in the IDNR Chronic Wasting Disease testing program and report results to the Hunting Committee. Call or text Paul Horvatin at 630-379-9652 with harvest results as well as CWD testing results. Season dates will be posted at both gates. **Stands and game cameras that do not have member name and number by Oct. 1, 2023 will be removed from CECO property.**
